SHIP SERVICES

 IN CEUTA

ABOUT US

Ecocauta is one of the most important companies developing marine services in the Port of Ceuta.

Our company is composed by highly qualified staff, port facilities and resources to make possible the attention of any kind of service, 24 hours/day, 365 days/year, with a high efficiency and quick response, making your problems our main objectives.

One of our most important objectives is taking care of our customers, the environment and workers protection in our daily activities.

Ecocauta has authorizations and commercial agreements for the provision of any kind of port services required by vessels in the Port of Ceuta.
